Greetings :-

To Those Who Receive This Directory

The business men of Mount Clemens use this opportunity to express to you their appreciation of your patronage and their best wishes to you in the business of agriculture.

Farmers are striving to produce food products as economically and profitably as possible, live happily, and provide for their children. The aim of the men of the city is to provide goods and services as completely and cheaply as possible and also to care for their familes. Mount Clemens needs the farmers' food and farmers need the goods in the city stores. Mount Clemens is the service center of Macomb County.

There are other service centers; the single grocery store, the attractive village and its several stores. All have their place. Mount Clemens job is to supply goods and varieties which the smaller store is not warranted in carrying.

So, farmer and city folk are not only neighbors, but they are a greater community with mutual business interests.

In this spirit we welcome the opinion of farmers about better business relations, better roads, better marketing facilities, or whatever, where we can be of service to our rural friends.

How To Find a Person

To find any person desired, you will first turn to the pages and locate the letter of the name, and under that letter will be found all the persons of that name and the initials, where they live and the route on which they receive their mail.

To locate James Hennigan of Richmond, R. F. D., turn to the Richmond section and follow down to the "H" section of names, locate the Hennigans and you will find listed on page 105:

Hennigan, James (Evelyn) girl 3; rents 90A, (Thomas McKiernan) Richmond 2

You will read this information as: James Hennigan the head of the family, his wife's first name is Evelyn, they have one girl, age 3 at home, he rents 90 acres of land which is owned by Thomas McKiernan and the Hennigan's get their mail from Richmond over Route No. 2.

The publishers of this directory do not and will not guarantee the accuracy of the information published, but have used every precaution through experienced route drivers and competent workmen to secure a complete and correct record.

It Costs Very Little to Send Goods by Parcel Post

Packages up to 70 lbs. are carried in zones 1, 2 and 3; in all other zones 50 lbs. is the limit in weight	Zone 1 Not over 50 miles	Zone 2 Not over 150 miles	Zone 3 151 to 300 miles	Zone 4 301 to 600 miles	Zone 5 601 to 1000 miles	Zone 6 1000 to 1400 miles
For weights up to 1 lb. the postage is	7c	7c	8c	9c	10c	11c
For each additional lb. or fraction of a pound add	1c	1c	2c	4c	6c	8c

How to Send Money

1—Postoffice money order
2—Express money order
3—Bank draft
4—Cash by registered mail
5—Personal check
6—By telegraph.

If you live on a rural route you can give the letter containing your order and money to your carrier and he will buy a money order for you at the postoffice and enclose it in the envelope with your order and mail it. This is a ruling of the Postoffice Department and you are protected by the carrier's receipt which he will give you.

Cost of Money Orders

1c to $2.50, 5 cents; $2.51 to $5.00, 7 cents; $5.01 to $10.00, 10 cents; 10.01 to $20.00, 12 cents; $20.01 to $40.00, 15 cents; $40.01 to $60.00, 18 cents; $60.01 to $80.00, 20 cents; $80.01 to $100.00, 22 cents.

Insurance on Third and Fourth Class

Up to $5.00, 5 cents; $5.01 to $25.00, 8 cents; $25.01 to $50.00, 10 cents; $50.01 to $100.00, 25 cents. Return receipt, 3 cents.

Special Delivery for Parcel Post and Charges for It

If you want the package to be handled the same as first-class mail, you can pay 25 cents extra and it will receive "the same expeditious handling, transportation and delivery accorded to mail matter of the first-class."

Name and Address

Write your name and return address on your envelope, write your name and address on your orders very plainly. Oftentimes customers print their names. This is a good idea because it is plainer and avoids mistakes in addressing packages or letters.

How To Return Goods by Parcel Post

If you return goods by Parcel Post, paste an envelope containing your letter and the bills to the outside of the package and put a 2-cent stamp on the envelope in addition to the postage on the package. In this way your letter and the package is received at the same time and can attend to your wishes promptly.

Do not enclose your letter inside the package as this is contrary to postal laws. Postage on packages mailed on a rural route is 2c a package less than if mailed from a postoffice. Put postage according to weight and zone on package and a two-cent stamp on letter. Tie package with strong cord. Do not seal package. Write your name and address on both package and envelope. Paste letter to package under string.

Explosives, Inflamable Articles and Poisons Cannot Be Shipped by Parcel Post.

SOME FACTS REGARDING TRAFFIC REGULATIONS FOR THE CITY OF MT. CLEMENS

Always remember you are an engineer, fully responsible.

Always test your brakes when starting, and have them inspected frequently.

Never pass a bus while it has stopped to take on or discharge passengers.

Exercise especial care in crossing in front of a bus or in passing it.

Always signal with hand when slowing down, turning or stopping.

Don't count too much on the common sense of the other fellow, no one is 100 percent alert at all times.

Drive slowly in streets where children are playing. Remember your own childhood.

Cross crossings cautiously.

Help us to prevent accidents by observing the Traffic Regulations.

Watch the Traffic Lights at main corners—Red light is stop—wait until the green light shows before moving forward.

Please do not park in front of a city hydrant.

THIS BOOK

Is delvered FREE OF CHARGE to Rural Homes in the Mount Clemens territory, through the support and co-operation of the Business and Professional Men and Firms of Mount Clemens and vicinity, who appreciate and solicit your patronage.

The advertising is confined to the business firms in this territory. The publishers have declined much profitable advertising from outside firms desiring to secure trade here, because we believe greater prosperity and growth will obtain to us all through growth, success and prosperity of our own local firms.

The publishers enjoy the advantage of a complete, thorough organization, essential to creditable production of Directories, and the additional advantages of the co-operation of citizens and organizations in supplying needed information. These factors, and the liberal support of the merchants, as shown by the advertisements displayed herein, were vital to the success of this publication.

The Classified Buyers' Guide and Index to Advertisers arranged alphabetically as to their lines, will be found in the back of this book.

Measurements at Sight

CUBIC FEET—multiply the length, width and depth together.

GRAIN MEASURE—To find the capacity of a bin or wagon box of grain multiply the cubic feet by .8 (tenths), and for greater accuracy add one-third of a bushel for every 100 cubic feet.

EAR CORN MEASURE—To find the contents of a corn crib. Multiply the cubic feet by 4 and divide the product by 9.

CISTERN MEASURE—To find the capacity of a round cistern or tank. Multiply the square of the average diameter by the depth and take 3-16 (three-sixteenths) of the total, which will be barrels.

For square tanks or cisterns—multiply the cubic feet by 2 3-8 (two and three-eighths) to determine the barrels.

HAY MEASURE—About 500 cubic feet of well settled hay, or about 700 cubic feet of new mown hay will make a ton.

To estimate the amount of hay in the mow. Ten cubic yards of meadow hay will weigh a ton.

When taken out of an old stack, 8 or 9 cubic yards will make a ton.

Eleven or twelve cubic yards of clover, when dry makes a ton.

LAND MEASURE—To find the number of acres in a body of land. Multiply the length by the width (in rods) and divide the product by 160.

When the opposite side are unequal, add the two sides and divide by 2 and multiply with the other side and divide the product by 160.

Brief Business Laws

If a note is lost or stolen it does not release the maker; he must pay it if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

Pricipals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of a special partnership. The word "limited" in connection with a firm name, indicates that a limitation of responsibility for each member is fixed.

Ignorance of the law excuses no one.

An agreement without consideration of value is void.

A note made on a Sunday is void, also one dated ahead of its issue. It may be dated back at pleasure.

Contracts made on Sunday cannot be enforced.

A note by a minor is void in some States, and in others it is voidable on judicial decision.

A contract made with a minor, or a lunatic, is void.

A note obtained by fraud or from a person in a state of intoxication cannot be collected. It is a fraud to conceal a fraud. Signatures made with a lead pencil are good in law. The acts of one partner bind the rest.

"Value received" is usually written in a note, and should be, but it is not necessary. If not written it is presumed by the law or may be supplied by proof.

Checks or drafts must be presented for payment without unreasonable delay.

An indorsee has a right of action against all whose names were on the bill when he received it.

No consideration is sufficient in law if it be illegal in its nature.

WARNING

To All Automobile Owners—*Don't*

give rides to strangers or any persons along the highway, men women or children. IT IS DANGEROUS. You may be beaten up, robbed, forced to drive another way, loose your car, blackmailed by strange women, and you are liable for any injury to children getting in or out of your car. You are taking a risk to stop at night to assist some one claiming an accident. Most women can change their own tires, and a garage or filling station is usually close to all accidents and troubles.

Brief Business Laws

If a note is lost or stolen it does not release the maker; he must pay it if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

Pricipals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of a special partnership. The word "limited" in connection with a firm name, indicates that a limitation of responsibility for each member is fixed.

Ignorance of the law excuses no one.

An agreement without consideration of value is void.

A note made on a Sunday is void, also one dated ahead of its issue. It may be dated back at pleasure.

Contracts made on Sunday cannot be enforced.

A note by a minor is void in some States, and in others it is voidable on judicial decision.

A contract made with a minor, or a lunatic, is void.

A note obtained by fraud or from a person in a state of intoxication cannot be collected. It is a fraud to conceal a fraud. Signatures made with a lead pencil are good in law. The acts of one partner bind the rest.

"Value received" is usually written in a note, and should be, but it is not necessary. If not written it is presumed by the law or may be supplied by proof.

Checks or drafts must be presented for payment without unreasonable delay.

An indorsee has a right of action against all whose names were on the bill when he received it.

No consideration is sufficient in law if it be illegal in its nature.
